To School Owners and Financial Aid Personnel  
RE RGM Selected for a Program Review by the Department of Education

---

We are happy to inform you that RGM has been selected for a Program Review by the Department of Education scheduled for the week of September 23-27, 2013.

Our last program review with the Department of Education was in 1988.

The review will assess RGM's administration of Title IV programs on behalf of Title IV eligible institutions. The review initially will cover the 2012-2013 award year but may expand if appropriate.

The Department of Education will review a total of 6 schools, which will be randomly selected. Four of the schools selected will cover all aspects of Financial Aid services, two of the schools will focus on the Fiscal component of Title IV administration of those schools.

We want to thank each of you, our clients, for your continued support and the confidence you have in us by selecting RGM as your Third Party Servicer in servicing your schools' Title IV programs.

Thank you,  
Rafael
